SUPER-EXHIBITION

LOOK OVER THERE! IT'S HUGE. IT'S A CITY. IT'S AGROACTIVA. IT'S THE SUPER-EXHIBITION!

AgroActiva is one of the greatest exhibitions in the world. It is an exhibition that flies high and is beyond farming. It is the event which calls together a huge number of businessmen and operations of any kind of industry. It is the show that has the power to attract the largest number of public.

AgroActiva, the Super-Exhibition, is landing in Armstrong.

**SUPER EDITION
Nº 24**

Static exhibition

This is the area set aside for the presence of the most important trades of the agricultural and livestock sector. In 200 hectares, we can find over 800 stands concerning agricultural machinery, farming parts, supplies, services focused on farming, banks, finance companies, insurance companies and automotive industries, as well as provincial and national Governments.

Field Demonstrations

Field demonstrations allow people to see all of the agricultural machinery in action, under certain working conditions similar to those of any agricultural development.

Livestock and farm exhibition

This is a specific space used for stockbreeding and for the exhibition of bovine, ovine, porcine, camelid and farm animals. There are also cattle auctions with significant public as well as livestock and cattle workshops during the 4 days of the exhibition.

Aerial application exhibition

This is an exclusive area within the static where providers of aerial agricultural services and other providers related to the area show and explain their services and what is more, you can find planes and helicopters exhibited.

International business

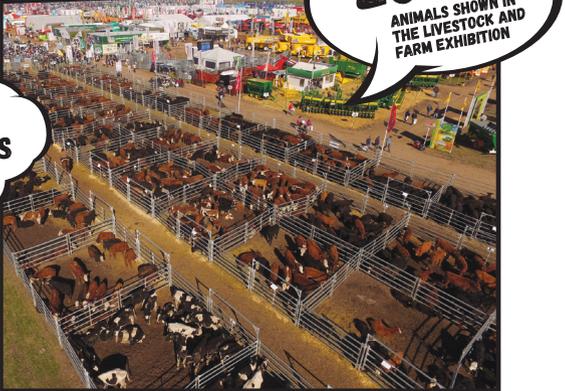

AgroActiva is one of the most important exhibitions in the world playing a prominent role in the international business calendar. Therefore, it calls together a huge number of businessmen coming from other countries in order to know the exhibition, get in contact with executives and Argentinean manufacturers with salesmen abroad, and also to participate in the different business rounds.

Techno Plaza

Every year AgroActiva achieves to gather a thousand people interested in connecting with state of the art technology on the subject of seeds, demonstration plots and agrochemicals. That is why you can find a specific area where different trades organize presentations and conferences performed by remarkable experts.

Services

The magnitude of the event demands the services to be at the same level of the quality and quantity of the public visiting the exhibition. There are constantly comfortable areas of free parking, a wide range of gastronomic highlights, restrooms, security and cleaning.
